

GENERAL ORDER NO. 32

MODIFICATION OF PROBATION SUPERVISED RELEASE CONDITIONS

FOR PLACEMENT IN A COMMUNITY TREATMENT CENTER

The United States Probation Office for the U.S. Courts often finds that, for the protection of society or the rehabilitation of the offender, it must place probationers/supervised releasees or parolees in community treatment centers. A similar need arises when a probationer is arrested, taken before a Magistrate and it is ordered that, pending a final disposition, the probationer is temporarily housed in a halfway house. On those occasions, when the need arises to place a probationer/supervised releasee in such a facility, the probation officer finds it difficult to arrange placement through the Bureau of Prisons, who is given the responsibility for payment of all Public Law placements.

Therefore, it appears that the orderly operation of the court and the United States Probation Office would be improved by allowing the United States Probation Officer of this court the authority to place probationers and supervised releasees in community treatment centers on an emergency basis and for a limited time, of not more than five (5) working days or until modified by the court, whichever is sooner.

It is hereby ordered that the United States Probation Officer of this court has the authority to place a probationer or supervised releasee in a community treatment center for a

limited term, not to exceed five (5) court working days, or until further order of the court.

IT IS SO ORDERED.

DATED: September 28, 1990

FOR THE COURT
