3. Agreement to be Bound by the Trust Agreement and Consent to Trustee Authority

The Beneficiary agrees, without limitation, to be bound by the terms of the Trust Agreement, including the allocations of the Trust Assets set forth in Appendix D-1 and Appendix D-1A to the Trust Agreement, as such allocation may be adjusted in accordance with the Trust Agreement. No. 3228-1), all claims for injunctive relief to redress environmental injury caused by the 2.0 Liter Subject Vehicles and the 3.0 Liter Subject Vehicles (jointly, "Subject Vehicles"), whether based on the environmental or common law within its jurisdiction. This waiver is binding on all agencies, departments, offices, and divisions of the Beneficiary asserting, purporting to assert, or capable of asserting such claims. This waiver does not waive, and the Beneficiary expressly reserves, its rights, if any, to seek fines or penalties.

7. Publicly Available Information

The Beneficiary certifies that it will maintain and make publicly available all documentation and records: (i) submitted by it in support of each funding request; and (ii) supporting all expenditures of Trust Funds by the Beneficiary, each until the Termination Date of the Trust pursuant to Paragraph 6.8 of the Trust Agreement, unless the laws of the Beneficiary require a longer record retention period. Together herewith, the Beneficiary attaches an explanation of: (i) the procedures by which the records may be accessed, which shall be designed to support access and limit burden for the general public; (ii) for the Beneficiary Mitigation Plan required under Paragraph 4.1 of the Trust Agreement, the procedures by which public input will be solicited and considered; and (iii) a description of whether and the extent to which the certification in this Paragraph 7 is subject to the Beneficiary's applicable laws governing the publication of confidential business information and personally identifiable information.

8. Notice of Availability of Mitigation Action Funds

The Beneficiary certifies that, not later than 30 Days after being deemed a Beneficiary pursuant to the Trust Agreement, the Beneficiary will provide a copy of the Trust Agreement with Attachments to the U.S. Department of the Interior, the U.S. Department of Agriculture, and any other Federal agency that has custody, control or management of land within or contiguous to the territorial boundaries of the Beneficiary and has by then notified the Beneficiary of its interest hereunder, explaining that the Beneficiary may request Eligible Mitigation Action funds for use on lands within that Federal agency's custody, control or management (including, but not limited to, Clean Air Act Class I and II areas), and setting forth the procedures by which the Beneficiary will review, consider, and make a written determination upon each such request.

9. Registration of Subject Vehicles

The Beneficiary certifies, for the benefit of the Parties (including the Settling Defendants) to the Partial Consent Decree and the Parties to the Second Partial Consent Decree (including the Defendants) and the owners from time-to-time of Subject Vehicles, that upon becoming a Beneficiary, the Beneficiary:

- (a) Shall not deny registration to any Subject Vehicle based solely on:
  - i. The presence of a defeat device or AECD covered by the resolution of claims in the Partial Consent Decree or in the Second Partial Consent Decree; or
  - ii. Emissions resulting from such a defeat device or AECD; or
  - iii. The availability of an Approved Emissions Modification, an Emissions Compliant Recall or the Buyback, Lease Termination, and Owner/Lessee Payment Program.
  
- (b) Shall not deny registration to any Subject Vehicle that has been modified in accordance with an Approved Emissions Modification or an Emissions Compliant Recall based solely on:

  - ii. Emissions resulting from the modification (including, but not limited to, the anticipated emissions described in Appendix B to the Partial Consent Decree and Appendix B to the Second Partial Consent Decree); or
  - iii. Other emissions-related vehicle characteristics that result from the modification; or

- iv. The availability of an Approved Emissions Modification, an Emissions Compliant Recall or the Buyback, Lease Termination, and Owner/Lessee Payment Program.
- (c) May identify Subject Vehicles as having been modified, or not modified, in accordance with the Approved Emissions Modification or the Emissions Compliant Recall on the basis of VIN-specific information provided to the Beneficiary by the Defendants.
- (d) Notwithstanding the foregoing, the Beneficiary may deny registration to any Subject Vehicle on the basis that the Subject Vehicle fails to meet EPA's or the Beneficiary's failure criteria for the onboard diagnostic ("OBD") inspection; or on other grounds authorized or required under applicable federal regulations (including an approved State Implementation Plan) or under Section 209 or 177 of the Clean Air Act and not explicitly excluded in subparagraphs 9(a)-(b).

10. Reliance on Certification

The Beneficiary acknowledges that the Trustee is entitled to rely conclusively on, without further duty of inquiry, and shall be protected in relying upon, this Appendix D-3 Certification, or a subsequent communication from the Lead Agency designating new or additional authorized individuals, as setting forth the Lead Agency and the authorized individuals who may direct the Trustee with respect to all of the Beneficiary's rights and duties under the Trust Agreement. The Beneficiary and its delegated Lead Agency, including all authorized individuals, agree to comply with all security procedures, standard payment and signatory authorization protocols, as well as procedures for designating new or additional authorized individuals, as set forth by the Trustee.

**State of Ohio  
VW Certification Supplement**

Pursuant to Paragraph 7 of Appendix D-3, Certification for Beneficiary Status Under Environmental Mitigation Trust Agreement, the State of Ohio submits the following information:

- 1. The procedures by which the records may be accessed, which shall be designed to support access and limit burden for the general public.**

The Ohio Environmental Protection Agency (Ohio EPA) has developed a website (<http://epa.ohio.gov/oee/EnvironmentalEducation.aspx#131365122-vw-mitigation-grants>, ) where information regarding funding requests and expenditures of trust funds will be made publicly available. In addition, Section 149.43 of the Ohio Revised Code establishes the right of any individual to request documents from any Ohio public agency such as Ohio EPA, from which all unexempted documents will be made public.

- 2. For the Beneficiary Mitigation Plan required under Paragraph 4.1 of the Trust Agreement, the procedures by which public input will be solicited and considered.**

Ohio EPA uses its VW program website to provide information regarding the planning process and gather public input. Ohio EPA emailed an initial VW announcement inviting comments to 20,355 addresses on the Agency's combined mailing lists, and maintains a VW interested party email list of more than 4300. After an informal solicitation in 2016, the Agency reached out in 2017 to multiple interest groups, vendors and diesel fleet owners to ascertain their interest, holding more than 100 meetings and conference calls with various stakeholders. These include trade associations, public utilities serving VW priority counties, and previous applicants to Ohio EPA's other diesel emission reduction grant programs. Ohio EPA also partners with metropolitan planning organizations, trade associations and other groups to make presentations and send targeted mailings to constituencies such as airports, school boards and county engineers. Ohio EPA will offer regional public information sessions when the state's draft Beneficiary Mitigation Plan is released in late 2017 for formal public comment.

- 3. A description of whether and the extent to which the certification in this Paragraph 7 is subject to the Beneficiary's applicable laws governing the publication of confidential business information and personally identifiable information.**

The certification is subject to the State of Ohio's applicable laws governing the publication of trade secrets, including confidential business information, and personally identifiable information. Specifically, trade secret information is protected from public disclosure pursuant to Ohio Administrative Code Section 3745-49-03 and personally identifiable information is protected from public disclosure pursuant to Ohio Revised Code Section 149.43(A)(1)(dd). Additionally, Ohio EPA is developing grant application forms to be posted on the Ohio EPA website, which identify what type of information is protected from disclosure as well as how confidential business information should be identified.
