No. 3228-1), all claims for injunctive relief to redress environmental injury caused by the 2.0 Liter Subject Vehicles and the 3.0 Liter Subject Vehicles (jointly, "Subject Vehicles"), whether based on the environmental or common law within its jurisdiction. This waiver is binding on all agencies, departments, offices, and divisions of the Beneficiary asserting, purporting to assert, or capable of asserting such claims. - iii. The availability of an Approved Emissions Modification, an Emissions Compliant Recall or the Buyback, Lease Termination, and Owner/Lessee Payment Program.

- ii. Emissions resulting from the modification (including, but not limited to, the anticipated emissions described in Appendix B to the Partial Consent Decree and Appendix B to the Second Partial Consent Decree); or
- iii. Other emissions-related vehicle characteristics that result from the modification; or

- iv. The availability of an Approved Emissions Modification, an Emissions Compliant Recall or the Buyback, Lease Termination, and Owner/Lessee Payment Program.
- (c) May identify Subject Vehicles as having been modified, or not modified, in accordance with the Approved Emissions Modification or the Emissions Compliant Recall on the basis of VIN-specific information provided to the Beneficiary by the Defendants.
- (d) Notwithstanding the foregoing, the Beneficiary may deny registration to any Subject Vehicle on the basis that the Subject Vehicle fails to meet EPA's or the Beneficiary's failure criteria for the onboard diagnostic ("OBD") inspection; or on other grounds authorized or required under applicable federal regulations (including an approved State Implementation Plan) or under Section 209 or 177 of the Clean Air Act and not explicitly excluded in subparagraphs 9(a)-(b).

10. Reliance on Certification

The Beneficiary acknowledges that the Trustee is entitled to rely conclusively on, without further duty of inquiry, and shall be protected in relying upon, this Appendix D-3 Certification, or a subsequent communication from the Lead Agency designating new or additional authorized individuals, as setting forth the Lead Agency and the authorized individuals who may direct the Trustee with respect to all of the Beneficiary's rights and duties under the Trust Agreement. **ADDENDUM to APPENDIX D-3  
Certification for Beneficiary Status Under Environmental Mitigation Trust Agreement**

The State of Kansas (Beneficiary) is addressing the following items specified in Paragraph 7 of the Appendix D-3 document pertaining to open records, public input and publication of confidential business information:

**(i) The procedures by which the records may be accessed, which shall be designed to support access and limit burden for the general public;**

KDHE intends to make reports submitted to Wilmington and other appropriate documents available on its website. KDHE has a webpage dedicated to this settlement at <http://www.kdheks.gov/bar/air-monitor/dieselgrant/dieselvw.html>. To the extent that documents are not published on this webpage, the general public can access all records created or received by KDHE pursuant to the Kansas Open Records Act, K.S.A. 45-215 et seq., barring exemptions provided therein.

**(ii) For the Beneficiary Mitigation Plan required under Paragraph 4.1 of the Trust Agreement, the procedures by which public input will be solicited and considered;**

KDHE will seek public input on the mitigation trust plan that is required to access the trust. In September and October of 2017 KDHE offered a series of four listening sessions in the cities of Salina, Garden City, Topeka and Wichita, Kansas to introduce the effects of the settlement on Kansas. In November of 2017, KDHE will release an information request document to relevant parties and general public. The request will be posted to the KDHE website and shared via e-mail. The input received after a 30-day comment period will be reviewed and considered for a draft of the plan. Once a draft of the plan is complete KDHE will post it on the website for comments and provide the draft via regular mail if download from the web is not possible. KDHE is also considering additional information sessions to introduce the plan, gather final comments and promote participation in key areas of the state.

**(iii) A description of whether and the extent to which the certification in this Paragraph 7 is subject to the Beneficiary's applicable laws governing the publication of confidential business information and personally identifiable information.**

As the lead agency KDHE may receive proposals that contain confidential business information or personally identifiable information. Any records submitted to or held by KDHE are subject to the Kansas Open Records Act, K.S.A. 45-215 et seq., and the trade secrets protections provided by K.S.A. 65-3015. KDHE will ensure that these protections are interpreted as narrowly as possible to allow open sharing of information with Wilmington and any public entities or the general public.
